

## Call for nominations for the Charpak-Ritz Prize 2022

The *French Physical Society* and the *Swiss Physical Society* have created a joint prize in 2016, the **Charpak-Ritz Prize** to highlight the tight relationship between the two Societies and to keep the memory alive of **Georges Charpak** and **Walther Ritz** who both have profoundly contributed to physics in their respective times.

The prize distinguishes exceptional contributions in physics or in its development to honour, in odd years, a physicist (or a small team of physicists) who has produced significant contribution in France, and, in even years, a physicist (or a small team of physicists) who has produced significant contributions in Switzerland.

We are inviting nominations for the **Charpak-Ritz Prize 2022** to honour significant contributions achieved in Switzerland. The nomination file shall comprise the usual items (CV, laudation, list of publications as well as the most important publications, reference letters, ...). Self-nominations will not be considered. The dossier shall be sent to the *Swiss Physical Society* in electronic format as pdf files with the mention "Nomination for the Charpak-Ritz prize 2022".

A short-list of the three best evaluated candidates will be sent to the *French Physical Society*, who will take the final decision.

[awards@sps.ch](mailto:awards@sps.ch)

**Deadline: 31 May 2021**

The award will be given at the annual meeting of the *French Physical Society* in 2022.
